<b>Prolific Offenders</b>	Need to identify those on the cusp of becoming prolific offenders  Need to support offenders when released from prison in partnership with the probation service.  Catch and convict – targeting 15 individuals.  Social housing which causes problems when re-settling offenders post conviction  Issues of ASBOs	'Prevent and deter' group with Newhaven representation-  Alternative activities for young people as diversion	Intergenerational work could be developed – working with older people on tolerance and young people on understanding	Resettlement of offenders by Probation service: There is a need for the Probation Service to work in an integrated way with local services. 2. Need to link offender re-settlement to where the victim is living. 3. Care in rehousing and issue of lack of alternative social housing	Catch & convict: Need for sensitivity to age of young people  Support outreach detached work targeted to this specific group including an analysis of what would have deterred them
